

**| Globally Proven Technology | Complete Integrated Solutions | Application Specialist |
| Worldwide Presence | State-of-the-art Manufacturing Setup | Life Cycle Support |**

Introduction

Fowler Westrup (India) Pvt. Ltd. has been delivering cutting-edge solutions to the agricultural industry for Seed & Grain Processing– Rice, Seed, Grains, Pulses, Spices, Solvent, Millet & other Food grains for two decades.

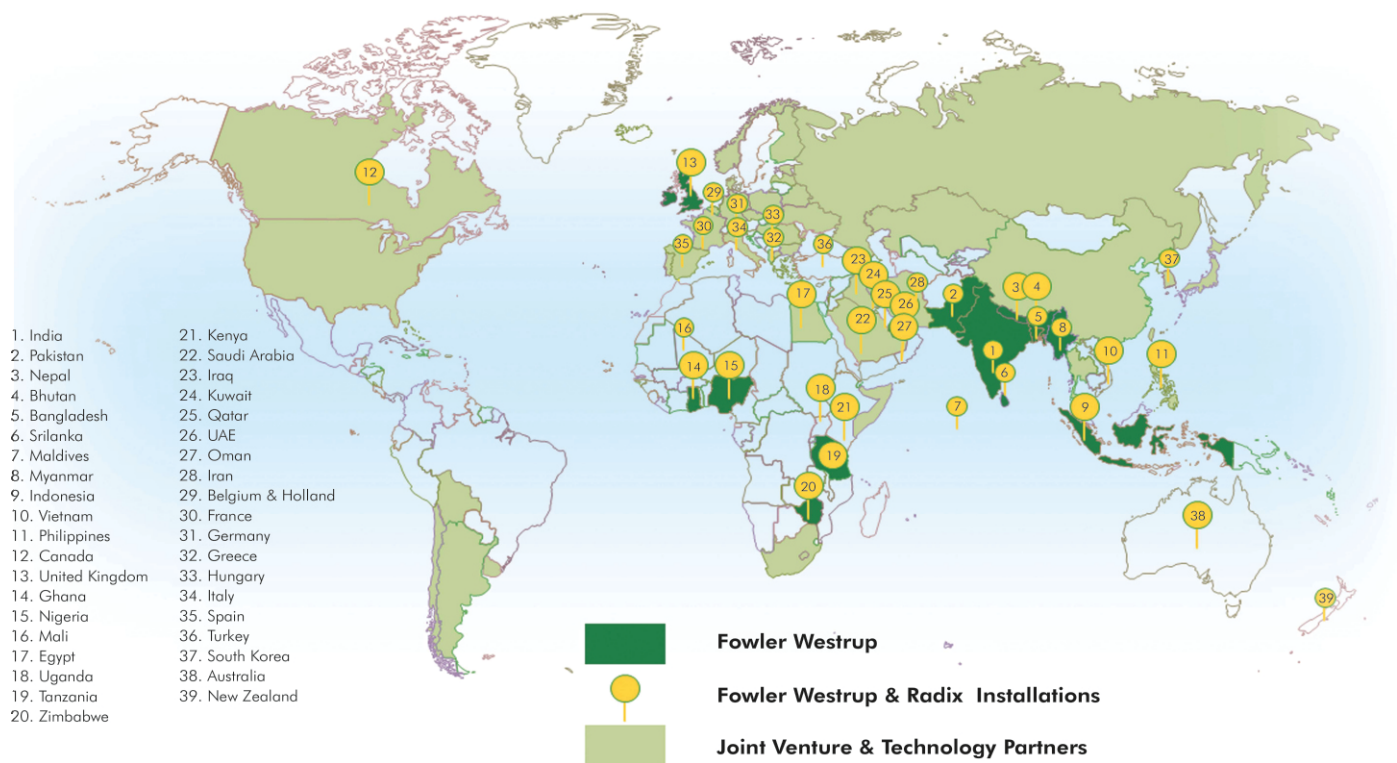

Established in 2000 as a joint venture between John Fowler (India) Pvt. Ltd. and Westrup A/s, Denmark, we are today the leading providers of post harvesting machinery and industrial equipment in the field of cleaning, grading, storing, milling, sorting, material handling & conveying and filtration solutions for clients worldwide.

Our solutions are earmarked with characteristic efficiency, quality and reliability that have become the cornerstone of our products. Not surprisingly, Fowler Westrup is synonymous with engineering excellence and reliable performance backed by world class R&D and application test centre.
